Superintendent's Message

Dear Seniors:

As you come to the end of your high school days I hope that you will be able to look back upon them as the happiest of your life.

As each of you enter into a new phase of life I hope you will work and contribute as much to your community as you have to your school.

We are proud of you as students, and fine citizens of our school. We will cherish our friendship and appreciation for each of you.

Give of your best in whatever you do; so that much good will be returned unto you.

Sincerely,

"So *this* is high school!"

Principal's Message

February 8, 1961

Congratulations to the Annual Staff for a fine annual. Your work will be appreciated more and more as time goes by. One never tires of looking through the pages of a yearbook.

It has been a real pleasure to work with each student during the school term. It is with pride that I extend my greetings through the pages of the Wildcat to the student body of the Idalou Elementary and High School.

I am deeply grateful to our students, teachers, and patrons for the fine cooperation and loyalty you have shown in making 1960-61 a successful and enjoyable school year.

Congratulations to those graduating from the Idalou High School. Fifty-eight of you left the Idalou Elementary School in 1957 and thirty-six will complete and receive a diploma in May of 1961.

Sincerely your friend,

G. O. Smith

The Electric Cooperative brought prosperity not only to the users of electric power but to the main street merchants who sell three million dollars worth of electric appliances every day to utilize this electricity.

The money to build the cooperatives was borrowed at interest and is being paid back with integrity. The Electric Cooperative serving your area is a vital factor in prosperous rural economy.
