*To everything there is a season, and a time to every purpose under the heaven; a time to be born, and a time to die; a time to break down, and a time to build up; a time to weep, and a time to laugh; a time to mourn, and a time to dance; a time to embrace, and a time to refrain from embracing; a time to get, and a time to lose; a time to keep silence, and a time to speak; a time to love, and a time to hate; a time of war, and a time of peace. Ecclesiastes 3:1-8.

With high hopes for a sell-out crowd, seniors Cindy Oldham, Richard O'Neal, Barbara Hill, Brenda Mead and Linda Reeder put final touches on the ticket booth for their carnival.

## *Football Sparks Fall Activities*

The first weeks of school brought socials, elections and a great burst of football spirit.

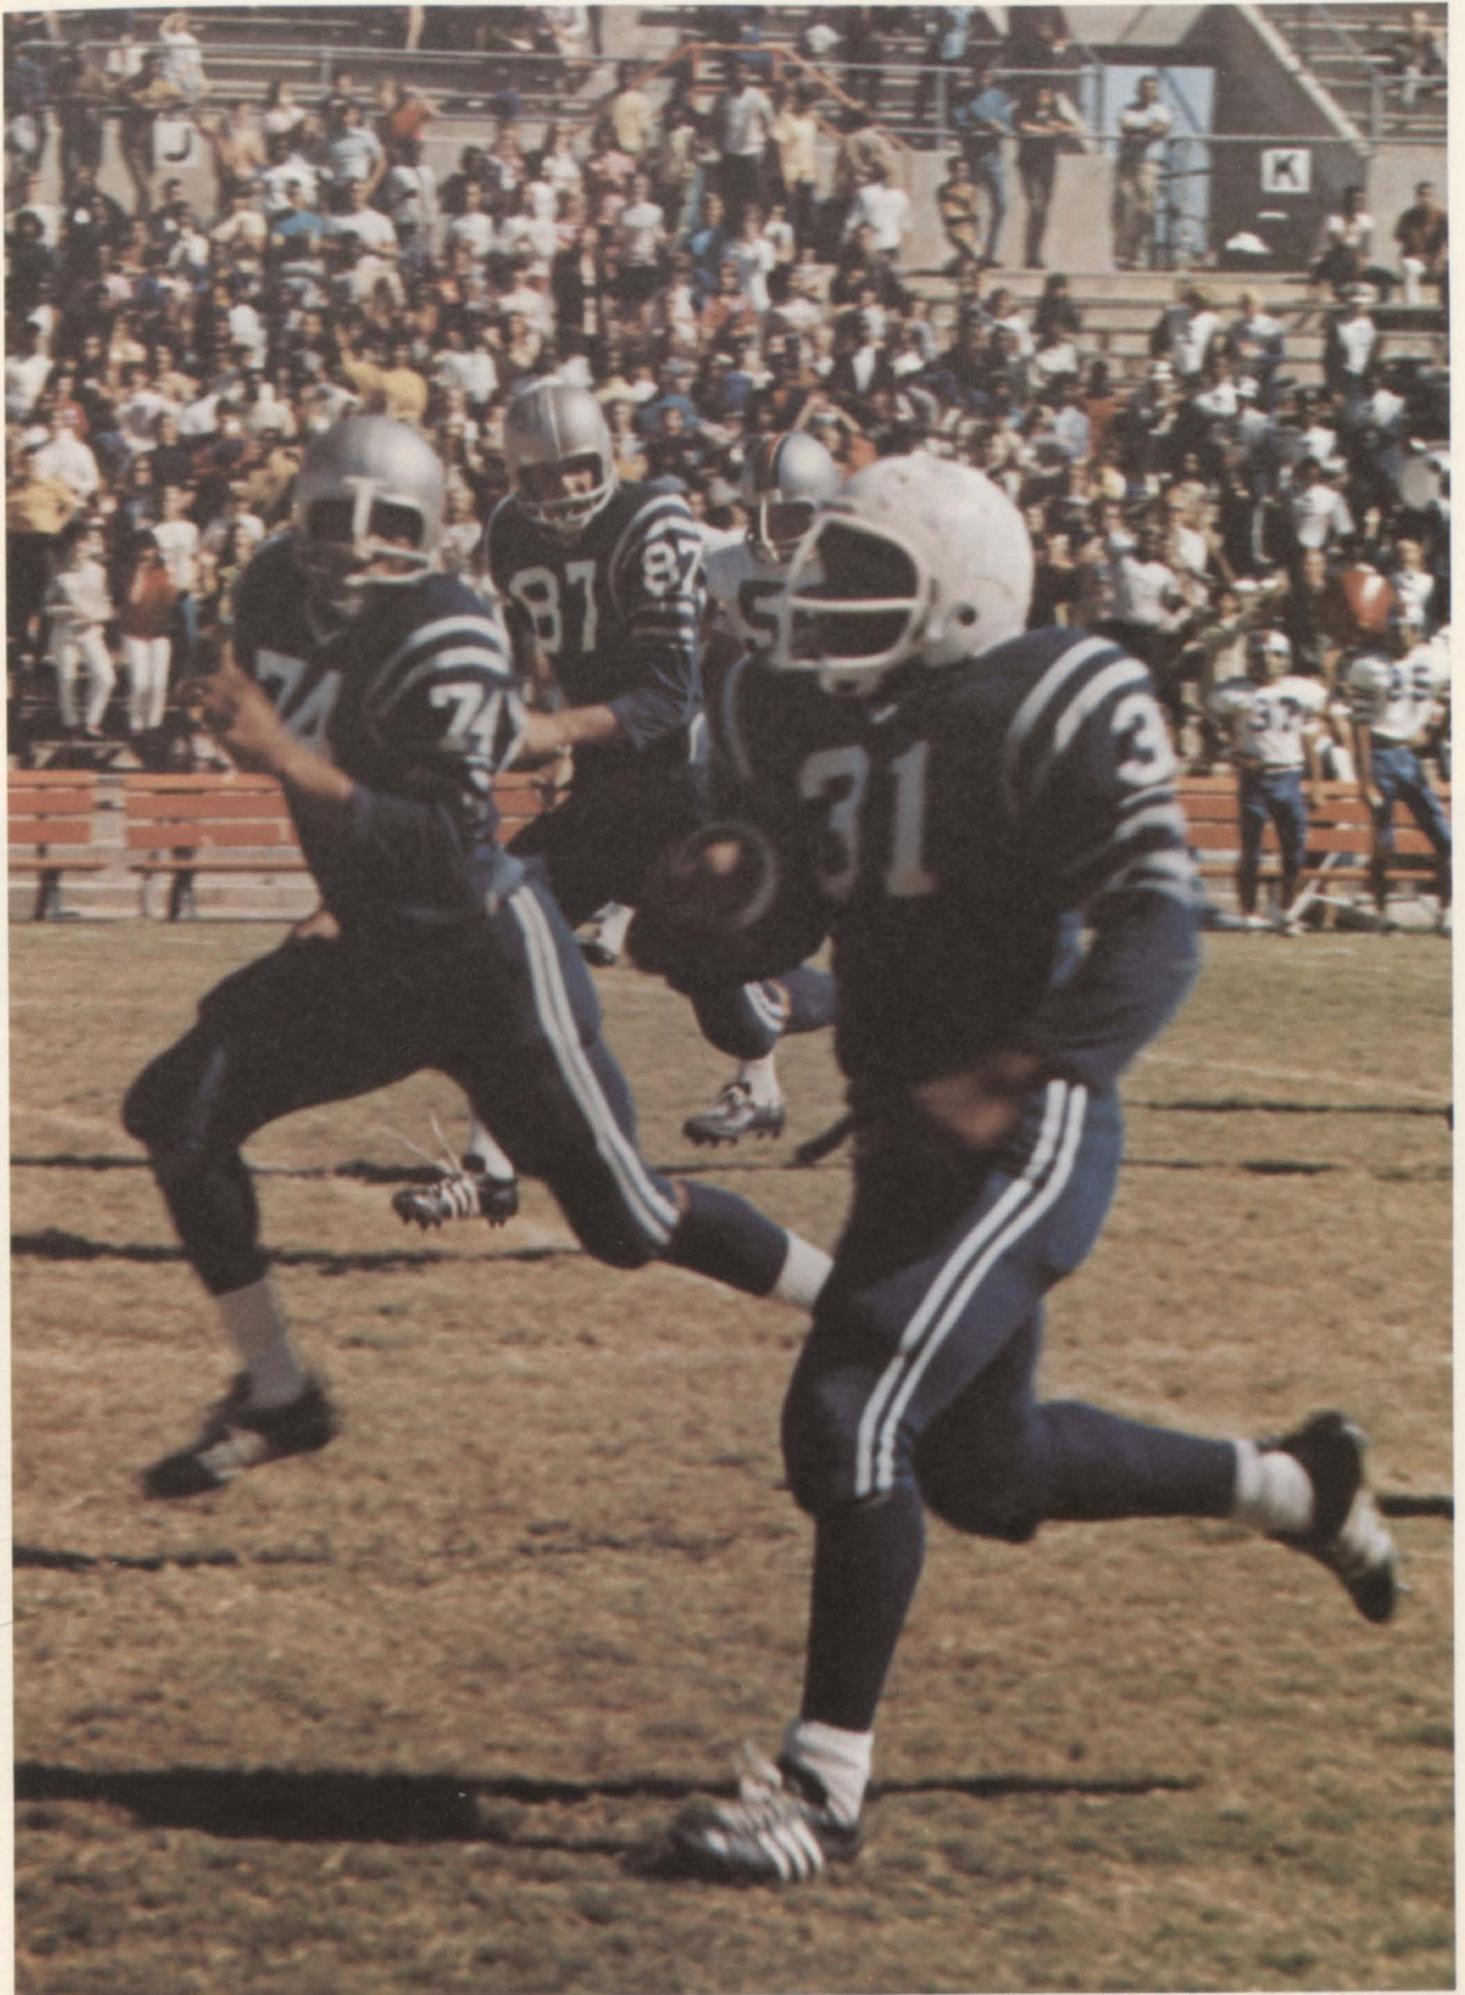

"The Silver Dollar Saloon," better known as the cafeteria, was the scene as new and old Matadors greeted each other and got acquainted at the Howdy Party.

Seniors welcomed the hippie generation to "The Experience," their annual carnival Sept. 14.

Football was the focus of most extracurricular activities. The high point of football season came when the pigskin was rolled out to play Dunbar. Home-room posters, a comedy speech by Miss Jan Cannon, physical education teacher, and two pep rallies highlighted "Beat Dunbar" week.

Ronnie Hubbard, a member of "The Fifth Soul" sings and plays the electric organ at the Howdy Dance.

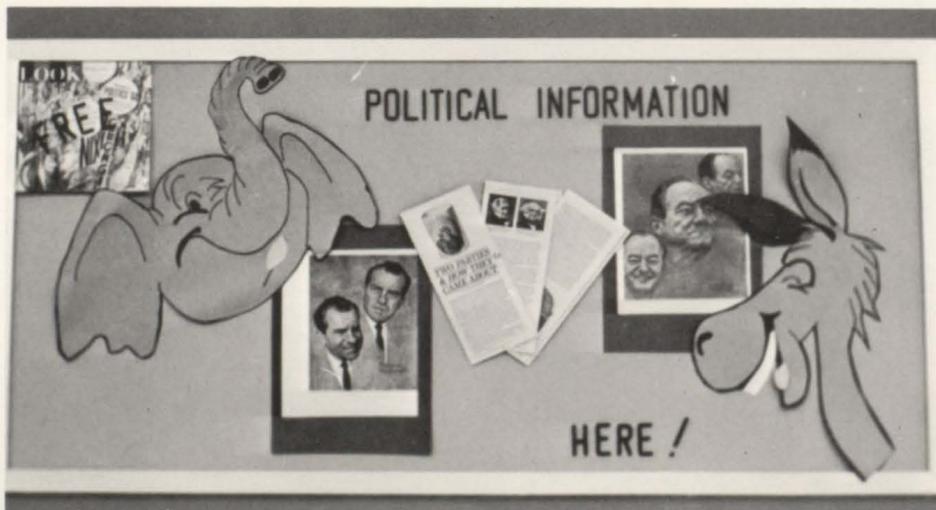

The football team shows the weight of a great responsibility at one of the pep rallies. But they lived up to it and won that game too.

School spirit and football rivalry reached its peak with the Dunbar game. A poster contest between homerooms was won by homeroom 130.

Everyone was talking politics in this election year. The political poster was done by the library assistants.

## *Students Show Interest In National Elections*

Matadors focused their attention on the national political scene in November as Richard Nixon was elected President.

Homecoming activities began the same week as the Presidential election and were highlighted by the crowning of Thelma Moore as Homecoming Queen at the Colorado City game Nov. 9.

When the Matadors won the district football championship, the tempo of school activities increased. The Senior Class contributed to the burst of spirit by selling bumper stickers for the bi-district game and before the game with Kermit.

Thelma Moore, escorted by Ennis Haney was crowned by Charles Francis, student body vice president, during the Homecoming ceremony.

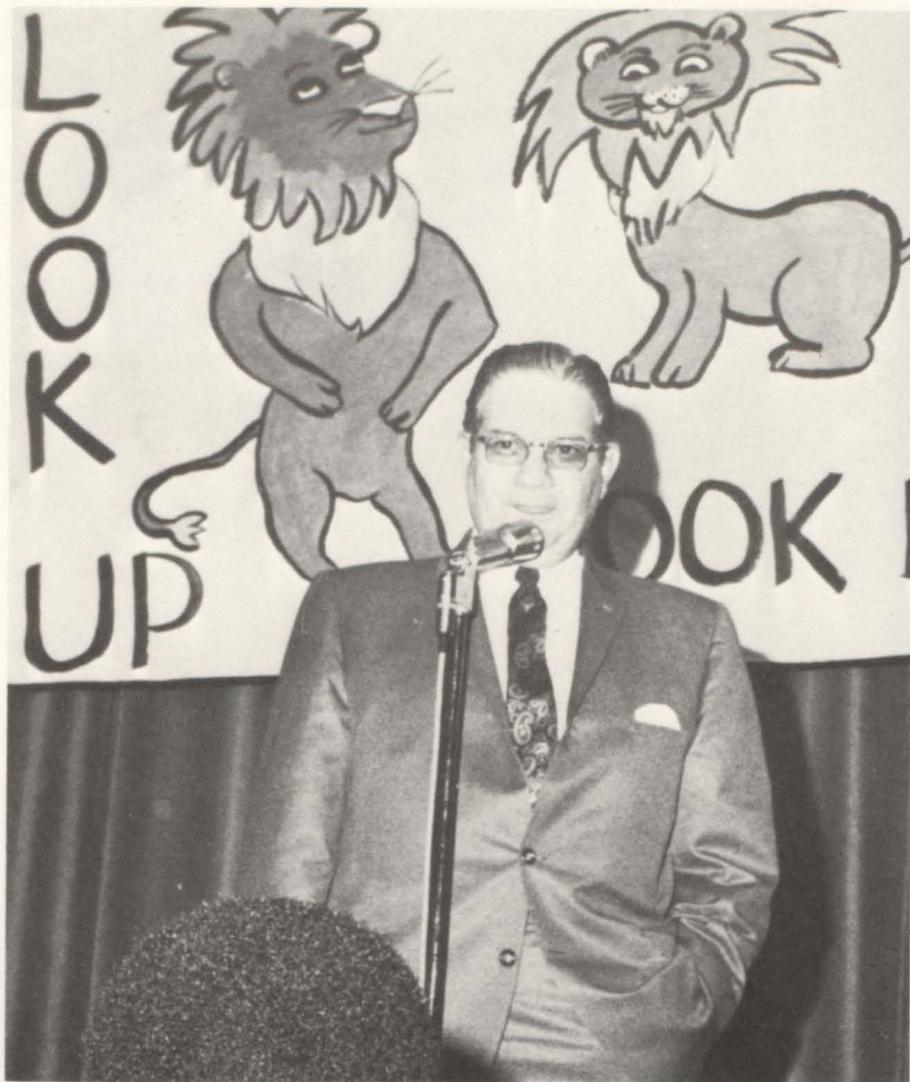

Darla Copeland as Alicia in "The Magic Fishbone" wishes she was young as she watches children playing ring-around-the-rosy. Playing the children's parts are

Sheila Dye, Judy Matheny, Dyane Frazier, Diane Roberts, Lynda Rogers and Ollie Dunn.

Mayor W. D. Rogers proclaimed Estacado Matador Day for Thursday, Nov. 28, the day the Matadors played Brownwood for the Bi-district Championship.

Y-teens sold mums for the first homecoming. Mrs. Donna Muldrew, Y-teen sponsor, distributed a mum to Randy Spencer in the cafeteria entrance.

As young servicemen in Vietnam Walter Hibbler, Jerry Norris and Bobby Lester watch a show at the "USO" — all on stage during the Junior Assembly.

The major production "Ladies in Retirement" shows the obsession of a woman for the care of her two sisters. Brenda Rogers, Ramona Narbez, and Peggy Hallum are the sisters in the play.

## *Special Rallies Held For Football Playoffs*

Thanksgiving holidays were preceded by a special patriotic program presented by the History Club. Students gave readings and speeches backed by the choir and Miss Jan Cannon singing "The Star Spangled Banner."

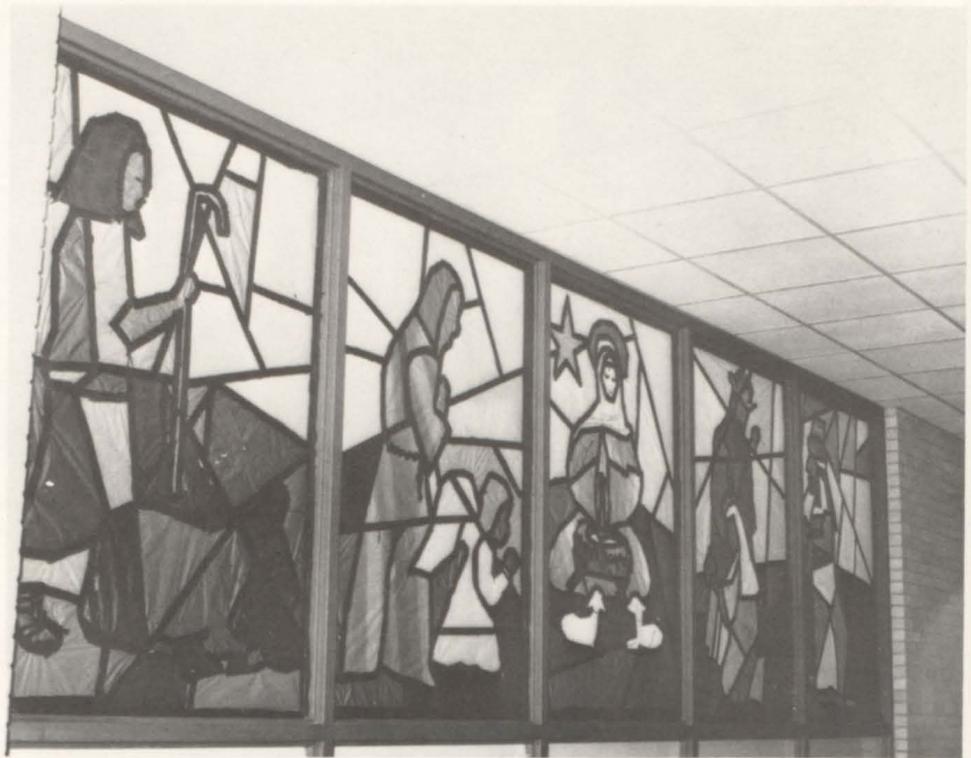

After the district win in football, the attention of the city was focused on Estacado. Pep rally speakers before the four games were Mayor W. D. (Dub) Rogers, newly elected Gov. Preston Smith, KLBK sports director Sammy Smith, and school board president Dr. James Reynolds.

Through all this excitement the everyday activities of the classroom, clubs and organizations continued. The Drama Department presented their major production, the band and choir had concerts, and clubs had money raising projects.

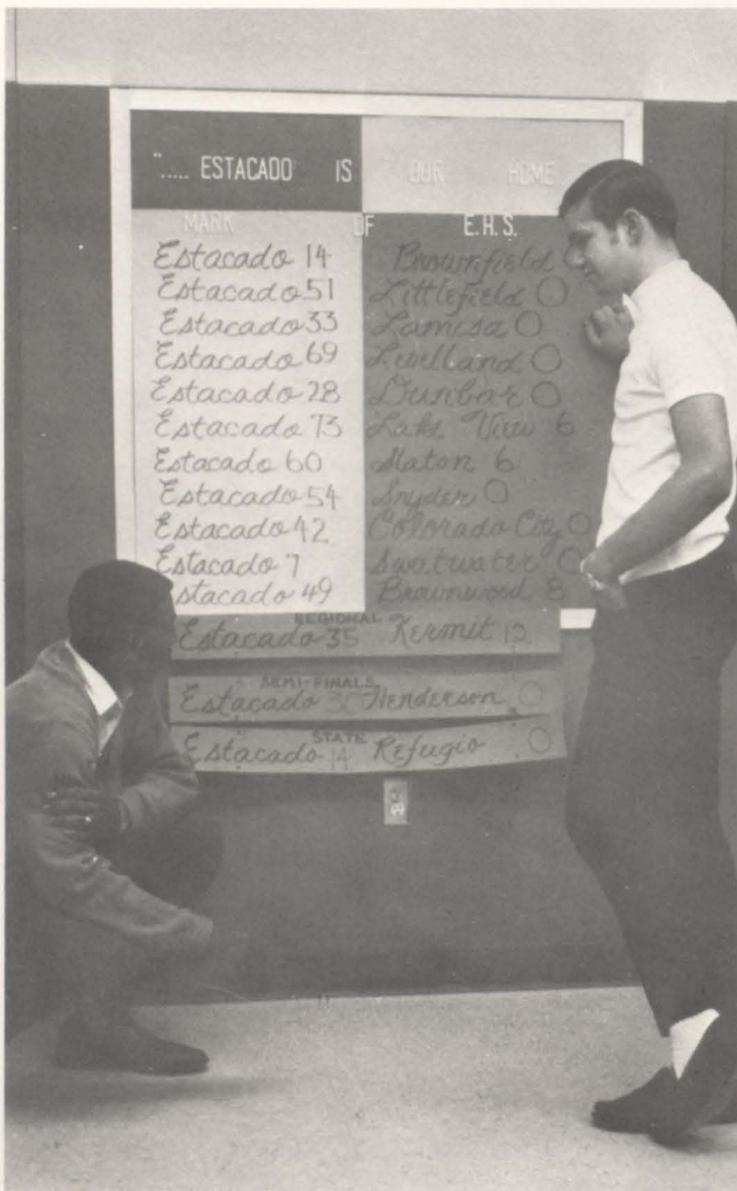

A comedy "Silly Young Ladies" was presented by the Texas Tech Drama Department. It was part of the events given to all local high schools.

Estacado's art classes decorated the windows in front of the office during the Christmas season. Using different colored paper, they achieved a stained glass window effect.

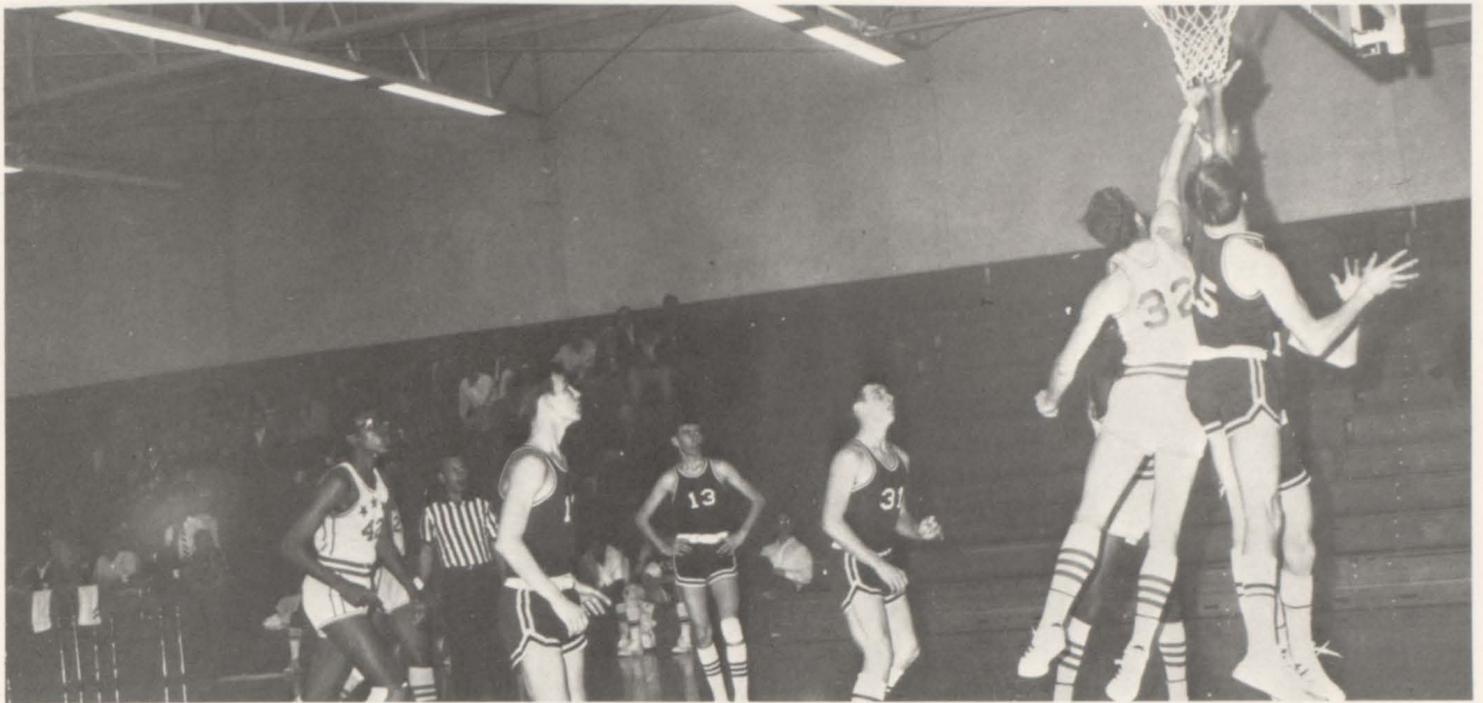

Joe Rose explains to Ennis Haney what it's like to be state champs. The giant scoreboard in the activities office tells the season results.

Vice-president Charles Francis and Mr. Bob Arledge, senior sponsor, prepare to take to the field letters which spell out "Estacado Matadors."

## *Classes Decorate For Yuletide Season*

Students got into the spirit of Christmas by decorating the halls and classrooms. Freshmen were responsible for the halls; sophomores, the entrance foyer, and juniors, the cafeteria. The art department did window murals and made a tumbleweed "snow man."

Anticipating the holidays ahead, Estacado took on a project to help a needy family of seven. The senior homerooms bought gifts for the children and the other homerooms provided canned foods.

The Christmas play presented by first year drama students followed a traditional Christmas theme.

Basketball season began very quietly because the attention of the student body was centered on the race for the state football championship.

On Dec. 21, the Estacado Matadors defeated Refugio Bobcats 14-0 to win the state title. A special tribute to Estacado was seen Dec. 22, on KSEL, which included the highlights of the game and the pep rally held the previous Friday in the Estacado auditorium.

Lazy days of spring cause strange activities for Darrell Crump and Mike Eller.

Graduation was a welcome occasion for Jerry Fortenberry as he is congratulated by Mr. Olan Rice.

## *Spring Events Signal Close Of Great Year*

The days grew shorter, the end drew nearer. The activities of the last few days are pictured in a number of ways.

The band entertained with the annual talent program in which anyone from the Lubbock Public Schools could participate.

When "spring fever" settled in, cares and cautions were thrown to the wind and everything was taken free and easy.

All things must come to an end, and most seniors found the end of the school year a time for dreaming and planning for the future. It was a time of last looks, farewells and fond memories.

The halls had a hollow echo as students departed after another year.

The year had been fulfilling, rewarding, and enriching.

It was a very good year!

Above: One of the main highlights of the Band Talent show was the dance act of the Top Cats.

Right: As the last bell of the last day rings it does not take students long to clear the hall.

Left: The farther the year progressed the more welcome was the ringing of the Friday bell which brought smiles to all students' faces.

## *School Board Provides Responsible Leadership*

The Lubbock school board gives the students of today as well as those of tomorrow a better chance to grow in a well organized educational system. To fulfill their duties members must be able responsible leaders.

School leaders such as principal, vice-principal, counselors, librarian, student activities director and visiting teacher meet the needs of the students outside the classroom.

Mr. Olan Rice, principal, is responsible for the organization and administration of the school, the instructional program, personnel and the budget.

The main areas of responsibility for vice-principal, Mr. Fred Janzen, are discipline and attendance.

Advising students, administering tests, keeping records and scheduling keep counselors, Mrs. Mary Tillery and Mr. Lee Ash, busy.

Keeping up with an increasing number of books, Mrs. Catherine Pendleton, librarian finds time to help students with research.

## Non-Teaching Personnel Have Important Duties

Secretaries and office assistants had special duties. They attended to students' transcripts, permanent records and attendance as well as secretarial duties for the principal and vice-principal.

The duties of the school nurse required the skill to cope with any problems she was confronted with.

Custodians and cafeteria personnel worked all hours before and after the regular school time in order to meet the needs of the students and school.

Some of the custodians who worked during the day were SEATED Mr. T. T. Noe, Mr. Cleveland York, STANDING Mr. Bill Morris, Mrs. Gracie Duncan and Mr. Jerry Banister.

## *Extra Attention Given In Special Education*

The special education program is designed to develop concepts and skills of the students. The subjects are taken slowly and each student in this class is given individual help. Each student is also given an abundant amount of time to do his or her work.

## English Classes Read Paper Back Novels

Literature, grammar, and poetry introduced students to the unknown world around them through written composition, good books and group work. Each student learned to take his place in society by receiving training in the basic technique of written and oral expression.

The English department received forty new sets of paper back novels this year. These sets were used at all grade levels and were designed to capture the interest of all our students. Languages were taught through the audio-language. The foreign language program enabled students to gain skill needed to understand today's modern world.

# Art Stresses Creative Talents

Not only paintbrushes, paints, T-squares, and drawing pencils, but also rugmaking yarns and clay are some of the tools of the trade. Sturdy hands and eager minds with the urge to create beautiful things and find an outlet for their talents — this is the only demand the art department makes.

Basic art, applied, graphic art, pottery, and architectural drafting offer to develop the student's avocational or vocational needs in the field of art design and planning.

## Science Program Allows Flexibility

In today's ever-changing world, a vast knowledge of science is a necessity. Studying the mysteries of life under a microscope excited the sophomores, while the juniors and seniors in chemistry, physics and more advanced courses delved deeper into the complexities of scientific study.

Although only one unit of science is required for graduation, the science department offers a wide program for students with drive and dedication.

# Modern Age Pushes Math, History Study

With the advance of this technical age the need for a better math and social studies program increases.

Students had unlimited opportunities to increase their knowledge in different areas of math. Courses offered were related math, consumer math, algebra, trigonometry and elementary analysis.

The study of history and modern problems built the students' appreciation of world situations. The philosophy of the social studies department was that an understanding of the past helps one avoid mistakes in the future.

Social studies offered were world history, American history, government, world geography and Bible.

Physical education and health stressed physical fitness. The physical education classes learned about sportsmanship and teamwork while the health classes learned about the mind and body.

The health students studied mental and physical defects. The students also studied body functions, cancer, and disease. Health is a requirement of the state and is a semester course.

## Musical Skills Need Hours Of Rehearsal

The music department is comprised of vocal groups, band and orchestra. In addition to playing at football games, pep rallies and contests, the band, under the direction of Mr. Marlin Lindsay, participated in the Panhandle South Plains Fair parade and the inaugural parade in Austin.

The choirs included the Junior-Senior A Capella, Freshman-Sophomore Choir, Boys' Glee and Girls' Glee. All are under the direction of Mr. Larry Marshall.

In music, either choral or instrumental, the development of skill requires hours of practice for both the students and director before concerts and contests.

## Trade Courses Train Students For Jobs

Vocational courses give students an opportunity while still in high school to learn skills and build attitudes and character that will prepare them to start earning money.

In courses such as mill cabinet, auto body, and electrical technology students spend three hours a day. When the student successfully completes one of these courses, he is ready to be employed in the field.

In other vocational courses students spend half a day at school and work in a business or trade the other half. Included in these cooperative programs are distributive education, cooperative office education and cooperative agriculture.

## *Speech, Publications Teach Varied Skills*

Many fields of speech and drama provided students with a good background in the various aspects of dealing with people. Classes taught the basic fundamentals of public speaking, parliamentary procedure, extemporaneous speaking, and oral interpretation. Mrs. Jackie Jarrett is the sponsor.

Copy writing, layout design, advertising, and photography are areas in which students get practical experience in journalism.

Mrs. Jarrett shows deep concern as she explains oral interpretive reading for a coming contest.

## COE Participants Train For Future Positions

Students who wanted to make a career of bookkeeping and accounting as well as others who were interested in business skills for personal use enrolled in commercial classes such as typing, clerical practice, general business, and stenography.

Seniors and juniors who chose to participate in the Cooperative Office Education program found these courses especially helpful. Skills learned from this phase of the academic program ranged from shorthand to the use of the dictaphone. The students in COE attend school half a day and work half a day.

## *Matadors Realize Dream, Win State*

Tackle Fred White (83) intercepts a Henderson pass and runs for long yardage.

The Matadors began the football season with a dream — a dream of winning the district championship, perhaps even the state. As they defeated each of their district foes, the reality came closer, and with the narrow win over Sweetwater, the district title was theirs.

Romping over the defending state champs, the Brownwood Lions, 49-8, in bi-district action; routing Kermit, 28-12, in quarter-finals; and stopping Henderson's Joe Wylie to defeat the Lions, 30-0, in semi-finals; the Matadors pushed toward their goal.

Their dream of the state championship became reality when they defeated Refugio, 14-0, in Ft. Worth's Amon Carter Field Dec. 21.

Larry Miller and James Mosley both scored in the first quarter of the Refugio game. From then on it was defense all the way with neither side scoring. The Matadors gained a total of 175 yds. rushing while they held Refugio to 106.

Aided by a 76-yd. punt return by James Lester and a 23-yd. pass reception by Ronnie Hill, the Matadors defeated the Henderson Lions, 30-0.

Estacado drew the attention of the entire state as it became the first school to win the state championship in its first year of University Interscholastic League competition. The Matadors went undefeated all 14 games with only 32 points scored against them.

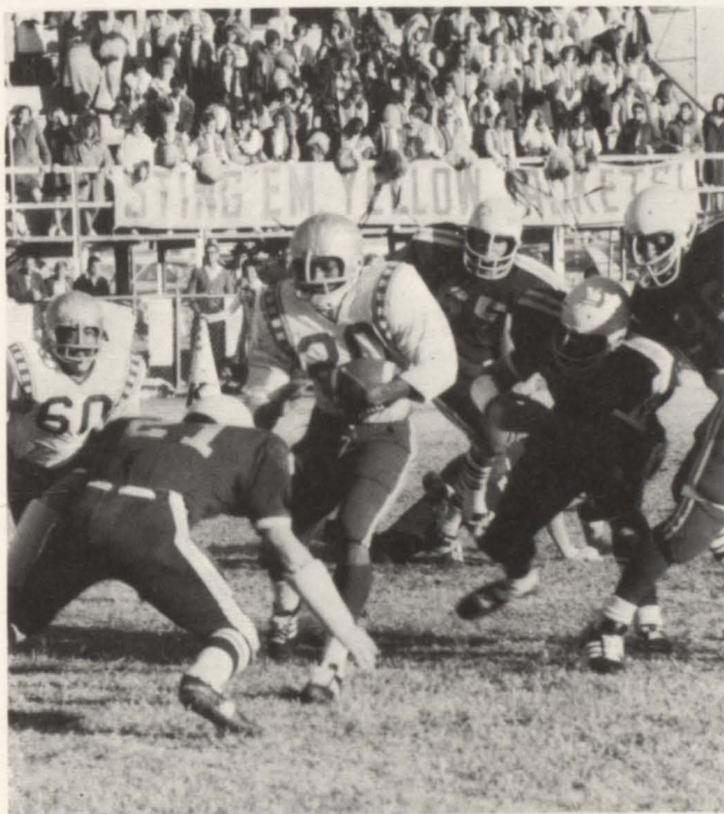

The opening kickoff seemed to be the turning point of the game against Brownwood, bi-district opponents. The Matadors recovered a Brownwood fumble and ran it back to score in the opening minutes.

In another spectacular play in the second quarter Fred White intercepted a pass and ran 40 yards to score.

Going into the second game of the playoffs, Matadors faced the tough passing team from Kermit.

A superior offense led by Larry Miller and Kenneth Wallace contributed to the 28-12 victory over Kermit.

The Matadors held the Panthers to two yards rushing as they themselves gained a total of 362 yards.

Two records were broken when the Matadors battled the Lakeview Chiefs. Even though the Chiefs broke Estacado's unscored upon record, the Matadors came out on top with a final score of 73-6 making this game Estacado's highest scoring game.

The Matadors chalked up their seventh straight victory defeating the Slaton Tigers 60-6.

After a fast and furious season of football, coaches of the freshman and junior varsity teams paused to discuss the merits of their respective groups. Everyone agreed it had been a good season. Both teams ended in a 7-2 record.

Although the junior varsity came out with a 7-2 record, they did strive to reach the record that was set by last year's junior varsity. As these boys move up to varsity play, they again will try to be victorious.

All in all the coaches foresaw better teams and more victorious teams in the seasons to come.

All the teams were inspired to greater efforts by the freshman cheerleaders.

Members of the Matador Varsity team were Tony Ward, Homer Morse, Ed (Pete) Brown, Buddy Bell, David Duke, David Moody, Lee Jones, and Coach R. A.

Playing their first inter-city battle, the Matadors were edged by Caprock, 56-44.

The mighty Matadors racked up another victory by topping the Abernathy Antelopes 38-33 in the Estacado gym. Playing with a scoreboard deficit almost the entire game, the Antelop would not crack under pressure and came from behind to knot the score at 32-32.

Then Estacado poured in five points before Abernathy could master its final tally. The game ended in a Matador victory.

Participation in the Denver City Tournament was anything but total success for the Matadors. They were beaten 65-32 by Lamesa and 48-47 by Lovington. However, the tournament ended on an Estacado victory note, the Matadors beating Plains 48-43.

The Muleshoe Tournament proved total disappointment for Estacado's Matadors. Tulia defeated them in the first round of play, and the Childress Bobcats followed suit in the second game. In the third contest Tulia again came out ahead.

Jumping ahead in the third quarter, the Matadors defeated the Hereford Whitefaces 60-42. This victory changed the record book to 7 wins 11 losses.

Once again Estacado faced defeat in battle with Denver City. The efforts of Lasel Green's 17 points and Homer Morse's 16 points were not enough to top Denver City who won 72-53.

The pursuing Littlefield Wildcats trailed the Matadors at half time by only one point. They remained never more than three points behind in the third quarter and lost pace in the fourth, allowing the Matadors a 68-48 win.

The Matadors played their last intra-city play with the Dunbar Panthers, losing 63-45.

Lasel Green, fifth leading scorer in the city, was named to the All City Team and was given Honorable Mention on the All South Plains team.

## *Experience Brightens Thinclads' Prospects*

The coming of spring brought hopeful boys to work out every day for track. Grueling workouts required the most of a boy in running, pole vaulting, discus throwing and shot put.

The team worked hard to meet last year's success. Many members of last year's team were back to contribute their skill and experience to that success.

Meets included the Plainview Invitational and Canyon Reef Relays in February, City Meet, Odessa and Whiteface Relays, and College Station Invitational in March. In April were the Andrews Invitational, District Meet, Regional Meet, and State Qualifier Meet. The final State Meet was held in May.

Coaches Wayne Garner, Robert Sigman, Gene Murrell, Hollis Gainey and E. G. Nunez take a break during workouts.

Sam Scott goes over as a teammate looks on.

James Mosley throws the shot put in early season workouts.

Although the team lacked experience it had speed and hustle. The coaches spotted the team's weaknesses and tried to improve them. The team worked extra hard on their pitching and hitting.

# Seniors Enjoy Wonderful Year

Mike Eller, president of the senior class, listened to what Norma Harris, secretary, said while talking on the telephone.

Seniors of 68-69 realized that learning, thinking, and growing were all reasons why they marked this year as the "best one of the 12 years of school." The prom, plays, parties, report cards, athletic events, and club meetings all played important parts in making the year one they look back upon with pleasure.

# *Juniors Plan Traditional Activities*

The junior class had a successful activity-filled year. Under the leadership of class sponsor, Mrs. Jacquelyn Jarrett, juniors planned their assembly entitled, "USO'S AND GI JOES," which appeared on stage early in November.

Before the semester ended, the junior class became familiar with the IOWA tests given also in November. Many juniors sold candy to raise money for their junior prom which was the highlight of their spring activities.

Mrs. Jacquelyn Jarrett, sponsor of the junior class, counts the money brought in from the sale of candy.

## *Soph Officers Lead Class Through Profitable Year*

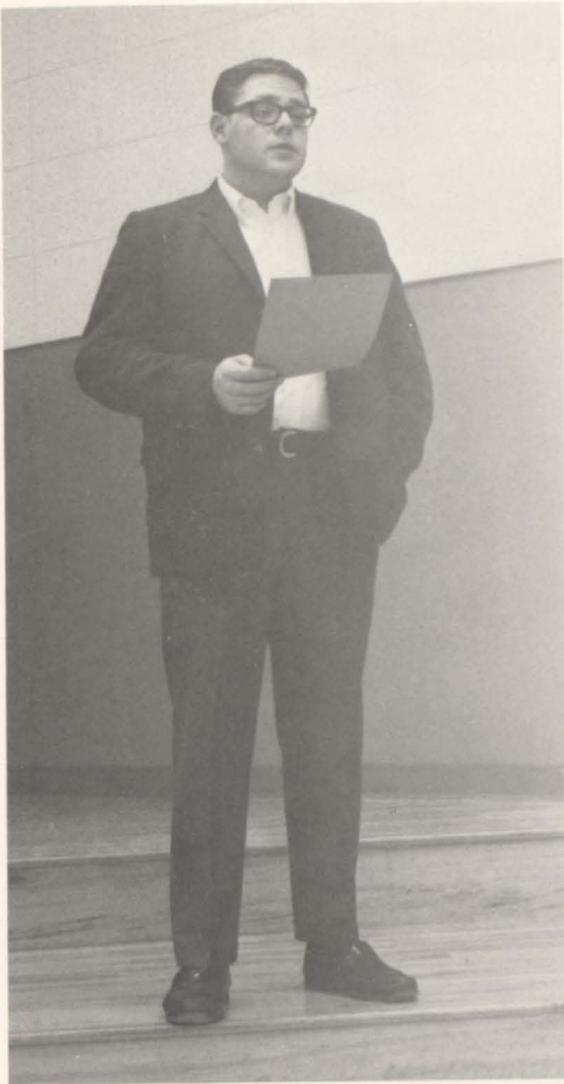

Under the guidance of their sponsor, Mr. Larry Marshall, the sophomores began the year by taking an active part in all the EHS activities.

More than once the sophomores were of help to other schoolmates during the year. Being familiar with the feeling of being lost or "misplaced" in a strange place, sophomores were ready, willing, and able guides for the incoming freshmen.

"Deck the halls" ran through the minds of busy members of the sophomore class as the Yuletide season approached. Many long, laborious hours went into the beautiful decorations which adorned the entrances and halls at Christmas time.

Sophomore Class sponsor was Mr. Larry Marshall.

Leading their class throughout the year were officers Janis Sherrod, secretary, and Henry McElroy, president.
