# DEDICATION

Because of his high ideals for the better things in life; because of his efforts to pass these ideals on to other students, and because we appreciate what he has done for us, we dedicate the 1949 "Pirate" to

Kenneth Pierce  
Senior '46-'47

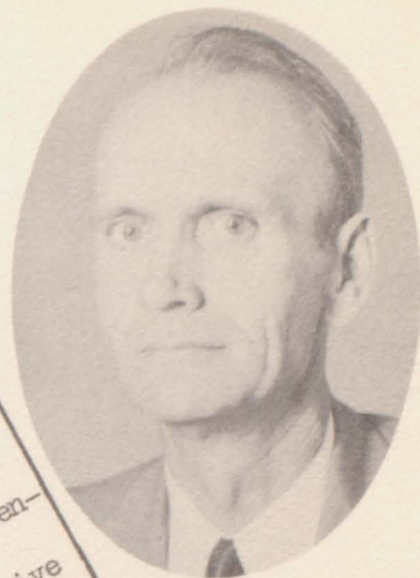

### SUPERINTENDENT'S MESSAGE

This world is a tremendously interesting place for one to be if he gets started right in life. I know that life becomes a complicated affair occasionally, but I refuse to admit that it is dull to the person who sees it in its right perspective. I hope that this school has helped you to build up a background of knowledge and understanding of what is happening about you and to you. There never were greater opportunities. Of course many will give up in despair, but the world and what it offers won't be to blame. False conceptions and misguided judgement will take their toll.

Just remember that in high school you are merely active players in various activities. You see many things only from the side lines. Tomorrow it will be different. You and your contemporaries will have to call the signals and run the plays. Know your limitations as well as your strength and you will enjoy every day of this never ending drama which some choose to call life. So keep your chin up. Face the world squarely and place the game fairly. You will enjoy the sweetness of this world so much that you can easily take the bitter in your stride.

Sincerely, H. H. Nicholas
